

EDGAR GONZÁLEZ RODRÍGUEZ

COMPUTER SYSTEMS ENGINEER

ABOUT ME

I'm an enthusiastic man who loves UI/UX Design and mainly Web Design & Development.

I do my best and constantly try to be autodidact, learning new things always looking for options of progress or work from anywhere.

PROJECTS

ECOMMERCE SHOP, DIC. 2021

- Built a Modern web page using React JS & Bootstrap on Front-End
- Developed Back-End Server on Node Js along with MongoDB as DBMS
- Features: Product & Customer CRUD with car-shop and rating products for boots shop.
- Interface with PayPal API.
